Granting Terms

The Alumni Association of The University of Western Ontario

Background:

The Legacy Committee of the Alumni Association will recommend grants from available expendable funds to the Alumni Association Board consistent with University needs and priorities and respecting the values captured in the former Foundation Western granting guidelines. The Executive Director, Alumni Relations will provide information to the Legacy Committee regarding the University's needs and priorities, as needed, to aid in the decision-making process.

In some cases, grants recommended by the Legacy Committee will be used to establish named projects, such as academic positions, student awards or physical spaces. These projects will be subject to all regular approvals of the University's Board and Senate, as outlined in any applicable policies.

Granting Guidelines:

The Alumni Association's Legacy Committee will adopt granting guidelines in the spirit of the former Foundation Western's policy 945, understanding that there is flexibility for thoughtful modification. Generally, grants will involve larger sums and may involve multi-year commitments.

The following primary factors (in no specific order or priority) may be considered when approving a grant:

- provides lasting benefit to the University, its students, and/or alumni,
- provides a recognition opportunity for the Foundation Western Legacy Fund and the Alumni Association,
- supports and/or inspires a recognized area of excellence and/or leadership at the University,
- supports a legacy project identified by the University to bestow special honour on a person of significance, and
- will resonate positively with members of the Alumni Association.

The following secondary factors may be considered (in no specific order or priority) when approving a grant:

- student population served by the grant,
- alumni support (by faculty) to the University,
- underserved need, and

- past projects supported by the former Foundation Western (with the general notion that support does not disproportionately favour any particular faculty).

Fund Use and Management:

The endowment will be held at the University. The University seeks to maintain the real value of the endowment in the long run by capitalizing a portion of the investment revenue each year. An amount will be made available for spending each year in accordance with the Western University's Investment Payout Policy 2.11, as may be amended from time to time. Should investment returns be insufficient to fund the amount made available for spending, endowment capital may be used with the expectation that such amounts will be recovered from future investment returns.

Donor Reporting:

The University will provide an annual financial report to the Alumni Association regarding the Foundation Western Legacy Fund (referred to as the Association's Legacy Fund in the Association's By-laws).
